

November 2009

### “Welcome to our first newsletter.

Our company has now been operating as Active Installation for over two years and has come a long way in that time. As well as installing playground equipment and associated landscaping we offer maintenance, remedial or repair services, as well as project management. We work with Europe’s leading manufacturers across the whole of the UK, assisting local authorities, schools, nurseries, parish councils and commercial enterprises, e.g. leisure clubs.

Whilst we are approved installers for many leading brands we are always on the look out to provide our services to other manufacturers. You only have to give us a go on a project to understand how reliable, professional and committed an installer can be. I know it’s a hackneyed old phrase but to us *customers will always be king*. Service to our customers is paramount and we will always try and bend-over backwards to help (*except for me, bad back, wouldn’t you know it ☺*).

We have survived the industry’s recent major hiccup in work flow over the past 6 months and are well placed to take on new projects.

Yes really.  
We have  
worked in  
W. Lothian,  
Chester,  
Boston,  
Birmingham,  
Essex,  
Reading,  
Bristol  
& Maidstone  
to name just  
a few!!

## OUR PEOPLE COME FIRST!

INVESTOR IN PEOPLE

Active Installation are very proud to announce that they have been successful in achieving ‘Investors in People’ status. This is the culmination of 12 months hard work on the part of the Directors and employees alike, and they feel that this will benefit both the company and, especially, its clients in the years to come. “This is a wonderful endorsement of how hard our staff have worked” commented John Smith, Director Operations, “It acknowledges the pride and commitment the staff and ourselves have to the business, and in turn to our valued clients”.
